Introduction

The following courses of study have been judged to be outstanding by evaluators employing criteria and techniques listed in "Rating Elementary School Courses of Study" by Florence B. Stratemeyer and Herbert B. Bruner. A few very recent courses of study have been included which have not been evaluated strictly according to these techniques, but which in the judgment of experienced evaluators, would rate as outstanding. The rating was done by the undersigned, Mr. Arthur V. Linden, and certain selected students who were trained for the work.

Herbert B. Bruner,
Teachers College,
Columbia University.
